### **St. Clair County SPEAK Coalition Hosting Virtual Trivia Night- May 25**

The St. Clair County Substance Prevention through Early Action and Knowledge (SPEAK) Coalition will be hosting a *Virtual Trivia Night* for middle and high school age students on **Tuesday, May 25th 5:30pm-6:30pm**. The top three winners will receive an Amazon gift card. Questions range from pop culture, history, health, sports, and youth substance abuse.

Parents/guardians are encouraged to share this information with their children and participate during these youth friendly events. For event details, follow SPEAK on Facebook @sccspeak.

Sarah Griffin, SPEAK Coalition Coordinator shared, “Last month’s winner, Ben B, age 11, told us his favorite question was about history and that he was looking forward to using his gift card towards a new video game.” Griffin also added, “Ben’s mother told us he had such a good time, his older brother immediately asked when the next trivia night was so he could join.”

For more information about the SPEAK Coalition and Trivia Night, email [speak@stclaircounty.org](mailto:speak@stclaircounty.org).

Preventing youth substance use by providing community education and alternate activities is the primary goal of the Coalition. Specific focus areas include underage drinking, youth marijuana use, youth vaping and adult/youth opioid use which align with the Coalition’s mission; “*Striving for a healthier community by working together to prevent youth substance abuse.*”

Grant funding provided by MDHHS and Region 10 PIHP.
