St. Clair County Health Department Now Offering Flu Vaccinations

Flu vaccinations are now available, while supplies last, on a walk-in basis Mondays from 10:00am - 6:00pm and Wednesdays 8:00am - 4:00pm (through November 14) at the St. Clair County Health Department main office located at 3415 28th Street in Port Huron. By appointment, Tuesdays, Thursdays and Fridays.

Flu vaccines are also available at our other locations:

Teen Health Center (Ages 10-21)
2215 Court Street, Port Huron
(on the campus of Port Huron High School)
By Appointment, Monday through Friday
(810) 987-1311

The Center of Port Huron (Ages 19 and older)
723 Court Street (Between 7th & 8th on Wall)
Walk- ins (no appointment needed)
Tuesdays and Wednesdays 9:00am – 4:00pm
(810) 987-8706

We offer flu vaccines that protect against four (4) strains of flu. Also available is the High Dose flu vaccine, for adults 65 years of age and older that protects against three (3) strains of flu. A flu vaccination is necessary every year, and is the best prevention anyone 6 months of age or older has against flu.

For those uninsured or underinsured, cost will vary based on income eligibility and family size. Most insurance is accepted and considers flu vaccination a covered benefit.

For more information call the Health Department (810) 987-5300; Teen Health Center (810) 987-1311; or our Center location (810) 987-8706. For further updates visit www.scchealth.co or www.beattheflu.org and follow us on social media @scchdmi.
