

Sponsors Acknowledgement

Each year the entities throughout the county donate to our Emergency Services Breakfast. This year they decided to take this one step further by giving back to our community and launching a new program "Kids for Safety".

The goal of this program is designed to strengthen the safety values of children in our communities. It furthers the preparedness levels of our local residents prior to incidents occurring thus making a safer community. Children ages 6 - 12 years have the opportunity to earn a patch in the following areas: 72 Hours Preparedness, Bicycle Safety, Fire Safety, Weather Safety, School Safety and Home Safety.

This program belongs to the sponsors of our annual Emergency Service Breakfast.

We would like to thank the sponsor that made this program possible:

Blue Water Gas Storage
