### ABOUT 4-H

Many people think 4-H is just for kids who live on farms or those interested in raising and selling animals – but that's not true! In program areas ranging from science and technology to clothing and textiles, and so much more, 4-H provides fun, educational opportunities.

4-H is growing current and future leaders: growing kids who are confident and strong, curious enough to question and capable enough to find the answers; growing youth who stick to a job until the job gets done and know how to work with others, as well as lead.

4-H grows from the farms to the towns, and from the suburbs to the cities. Anywhere curiosity roams and confidence thrives. Anywhere technology can be advanced and achievement is valued. Anywhere positive change is possible and giving back moves communities forward. After all, true leaders aren't born; they're grown!
