

St. Clair County 4-H Program PRESENTS:

Wolf Research and Ecology with the International Wolf Center

December 28, 2017

- 🐾 Youth 9-19 years old
- 🐾 An interactive webinar with hands on activities and snacks
- 🐾 Donald Dodge Auditorium, 200 Grand River Ave., Port Huron
- 🐾 1 pm to 4 pm
- 🐾 FREE for 4-H Members, \$5 non members
- 🐾 Pre-Register no later than December 11th

**St. Clair County MSU Extension
4-H Program, Lori Warchuck
Coordinator**

200 Grand River Avenue #102
Port Huron MI 48060
(810) 989-6935

Come experience the International Wolf Center! Through this unique interactive webinar, hands on activities and snacks. You'll learn about wolf behavior from our ambassador wolves and hear from guest speakers who will share their knowledge and research. Join us as we provide a front row seat to teaching the world about wolves.

WOLF RESEARCH

Audience: 4-H Youth and others aged 9-19

Discover how wolf researchers have learned to track wolves! Join the International Wolf Center staff as we look at the history and methods behind tracking wolves. We will explore the reasons why wolves are tracked, what radio telemetry is and what information is gathered once they are found. What do you think we can learn from them?

WOLF ECOLOGY

Audience: 4-H Youth and others aged 9-19

Explore the world of the wolf! Using the wolf as a fascinating case study, students examine the important roles that predators, prey and scavengers play in three ecosystems where wolves live. Through an interactive simulation we will demonstrate the way energy and nutrients flow through an ecosystem.
