

ATTACHMENT TO UNIFORM CHILD SUPPORT ORDER

IT IS FURTHER ORDERED that child support shall stop the last day of the month after a minor child's eighteenth birthday. If child support is continued due to high school attendance, child support shall stop the last day of the month after sufficient credits have been earned for graduation.

IT IS FURTHER ORDERED that child care shall stop effective the date that it is no longer incurred. Upon notice to the Friend of Court, a proposed order will be sent to the parties with an objection notice. If child care is no longer being incurred, the order shall enter.

IT IS FURTHER ORDERED that paragraph number 10 (Redirection and Abatement) from the Uniform Child Support Order, is clarified to include the following provision; Friend of Court shall abate support charges for a child who resides on a full-time basis with the payer of support, or with a person who does not have legal standing or is not providing foster care; Modification or reinstatement under this provision shall be effective the date of the change necessitating the redirection or abatement or reinstatement. Support shall abate when a payer is incarcerated for 7 or more days without income, assets, or availability for work release effective the date the Friend of Court has notification of incarceration. Support shall not abate for non-payment of child support.

IT IS FURTHER ORDERED that upon establishment of confinement expense obligation, the medical account for confinement expense shall charge \$25.00 per month until the total expense owed has been charged. All amounts charged are considered past due medical arrears.

IT IS FURTHER ORDERED that the payer of support shall, in addition to all current charges and fees, make monthly payments on the arrearage in accordance with the Michigan Child Support Formula in an amount equal to two percent of the arrearage, but not greater than half the current monthly charging amount and not less than \$50 per month.

IT IS FURTHER ORDERED that direct payment credit will not be given on the account if such payment is made when a cash TANF grant and/or Medicaid is being received on behalf of the minor child(ren). If a full TANF grant is received, and the parties do not reside together, or if the either party submits a written request, support will again charge through St. Clair County Friend of the Court. In the event that Medicaid is received on behalf of the minor child/ren, the ordinary health care account will charge the payers percentage of \$28.75 per month for each child, per the formula.

IT IS FURTHER ORDERED that if either party to this case has insurance available at a reasonable cost as determined by the Friend of the Court pursuant to Michigan Child Support Formula 3.07(B)(a), said party shall provide insurance so long as it is available as a benefit of employment or if available at that cost. Upon change of circumstance regarding the availability of health insurance for the minor child(ren) at a reasonable cost, EACH parent is required to obtain insurance for the minor child(ren) if available at a reasonable cost. To reflect any insurance adjustment on the support order, a motion must be filed (or if 3 years have passed since entry of the current support order, a review may be requested.)

IT IS FURTHER ORDERED that effective December 31, 2009, pursuant to Michigan State Statute MCL 552.603a(4) - (6), automatic accrual of surcharge on past due support obligations is eliminated.

IT IS FURTHER ORDERED that orders between the same parties to this action may be incorporated in regards to any and all Friend of Court actions.
