THEREFORE, IN CONSIDERATION OF THE FOREGOING, IT IS ORDAINED:

1. Article II, Section 2.1 of the Retirement System Ordinance shall be amended and renumbered as outlined below to include the following definition for “Insurable Interest” inserted as item (e) and the definition for (f) “Final average compensation” regarding Board of Commissioner prior service calculation:

(e) “Insurable Interest” means that a named beneficiary has a real financial interest in another person’s continued life and will suffer a real financial loss in the event of their death. Immediate family members that are considered to have insurance interest are spouse, children, siblings, parent, grandparent, or grandchild. For the consideration of any person who is not immediate family but who actually rely on the individual for at least fifty percent of their direct financial support, an Affidavit Affirming Existence of Insurance Interest may be completed and submitted to the St. Clair County Board of Trustees for consideration.

Final average compensation means the
aggregate amount of compensation paid a member divided by the member’s years and fractions of a year of credited service if the member has less than five years of credited service. Certain specified bargaining units within the Sheriff Department have their final average compensation based on the average of the highest three of the last ten years of service. A member or former member of the St. Clair County Board of Commissioners who was a member of the defined benefit plan prior to January 1, 2009 who thereafter rendered service in that elected position without interruption shall receive credit to their individual credited service account to the point of separation from that position and shall have the option to base their final average compensation on the best three (3) of the previous ten (10) years of credited service that occurred prior to their election to the Board of Commissioners.

2. Article IV, Section 4.4 of the Retirement System Ordinance shall be amended and renumbered to incorporate benefits payable to qualified Retirement System members entering active military service in accordance with Sections 401(a) and 414(u) of the Internal Revenue Code, as amended, and to include the death benefits as required by Section 104(a) of the Heroes Earnings Assistance and Relief Tax Act ("HEART Act") as follows:

   (b) In the case of a death occurring on or after January 1, 2007, a member on a leave of absence to perform military service with reemployment rights described in Code Section 414(u) where the member cannot return to employment on account of his or her death, the beneficiary of the member shall be entitled to any additional benefits (other than benefit accruals relating to the period of qualified military service) that would be provided under the Plan had the member died as an active employee, in accordance with Code Section 401(a)37.
