December 65 Plus Payments

A 65 Plus payment has been included in the December check for retirees who are 65 years of age or older. Each retiree who worked 20 or more years, the additional amount in the December check will be \$16.00 for each full month that you were 65 years of age or older. If you as a retiree worked less than 20 years, your December check will reflect an additional amount of \$14.00 for each full month that you were 65 years of age or older.

The first time you receive your retiree 65 Plus payment upon reaching 65 years of age, the payment will be prorated. The following year, you will receive the full amount in the December check. In addition, if a retiree passes away during the given year, the beneficiary will be mailed a one-time 65 Plus payment in December for each full month during the year that the retiree was age 65 prior to passing.

Address Changes

As you head down to warmer weather, please remember to contact the Human Resources Department to notify us of your move. The post office will only forward mail for a short period of time and does not contact us of your address changes. You will need to contact us directly. Please keep in mind that many tax related documents often times will not forward to a Florida address and will get sent back to us.
