End-of-Life Options in Michigan with Compassion and Choices Organization

Through this interactive presentation, Compassion and Choices members will detail the medical landscape in Michigan today, explain advanced directives and why everyone should complete theirs, review dementia's nuances and explain medical-aid-in-dying. Presenters will guide participants through slightly humorous, thoughtful interactive questions and show a brief movie clip. Our Michigan Action Team members are trained to present clear, accurate information about end-of-life autonomy and equally important, clarify any preconceived misconceptions. We foster a comfortable atmosphere that promotes open dialogue for the audience. Relevant handouts are available as well as the opportunity to chat with our presenters. Our presentation covers many relevant topics to empower each individual to think about and choose an end-of-life care plan that's best for them without coercion or undue influence.

Tuesday, May 20 6:00pm to 7:00pm
