

St. Clair County Parks

2026 Millage Distribution

This year marks the 32nd year that the St. Clair County Parks and Recreation Commission (PARC) will distribute 25% of the County Parks and Recreation millage funds collected back to local units of government.

The 2026 Local Millage Distribution table (located to the right) includes the 2020 Census figures used to calculate each community's share, the amount of millage funds distributed to each community over the past 32 years, and the amount of funds that will be distributed to each local unit of government this year. In 2027, St. Clair County Parks will seek a millage renewal beginning in 2028 to continue the success of the past 32 years since the St. Clair County Parks and Recreation Commission was established. An updated Master Plan will also be implemented in 2027, which is critical for County Parks to remain eligible for grant funding.

In order for the 33 local units of government to receive their annual share of County Parks and Recreation millage funds, each community's governing board must approve the submission of an annual Local Millage Distribution request form outlining how the community spent its share of millage funds during the previous year.
